EXPLANATION OF H. F. 107

The purpose of this bill is to increase the per diem wages of social welfare workers from three dollars to five dollars. It will also increase the maximum which may be received in one year to one hundred fifty dollars in counties with less than thirty-three thousand population and to one hundred eighty dollars in counties of more than thirty-three thousand population. The compensation as now fixed was established during the depression of the thirties. It is felt that an increase will greatly benefit all of the citizens of the state.
